## Meet Dr. Lyons

Dr. Zachary Lyons's interest in medicine developed at young age. The son of a family physician, he was given a firsthand glimpse into the special relationship between patients and their doctor. Personal experiences shadowing medical professionals at Abington Hospital and Lancaster General Hospital furthered his desire to pursue a career in medicine, where he would not only help people, but develop long-term and meaningful relationships with his patients.

Dr. Lyons began his educational journey at Franklin & Marshall College in Lancaster, PA. Upon graduating in 2009, he accepted a scholarship to attend Geisinger Commonwealth School of Medicine in Scranton, PA, becoming a member of their charter class and distinguishing himself for outstanding clinical and interpersonal skills, being selected to the Gold Humanism Honor Society. After medical school, he returned to his hometown to complete a family medicine residency at Abington Jefferson Hospital.

In 2016, Dr. Lyons was able to realize one of his professional aspirations by joining his father, Dr. Michael Lyons, in clinical practice and forming Lyons Family Medicine.

# Get your own personal guide to wellbeing.

Enhance your health with the exclusive Member benefit of the SENS Solution® Wellness Program. SENS Solution® was designed to enhance your overall health by helping you improve your sleep, exercise, nutrition and stress management. *The program includes:*

## Personalized health assessment

Our wellness app identifies areas of improvement and helps you track your progress.

## Health coaching

Our health coaches will work with you to help you reach your health goals by providing customized support and education.

## Member events

## Discounts on wellness-related offers and services

## Wellness tips

*As your family physician, I value the opportunity to spend ample time together in our appointments to prevent and reverse chronic diseases and ultimately improve upon your quality of life. In introducing the concierge model, we can go beyond what is typically covered by an insurance-based health plan, which often promotes speed and focus on comprehensive care. -Dr. Lyons*
