A Healthcare Experience  
Designed for You

A more convenient, connected, and  
collaborative approach to care.

24/7 Connectivity · Preventive Focus · Personalized Approach to Care

## Join us in a new model of care

As a physician, my greatest satisfaction is derived from working closely and comprehensively with my patients, where we can share challenges and create solutions, in an unhurried environment, so that I can be your best advisor and advocate towards longevity and quality of life. Over the years, I can truly say that I have learned as much from my patients as they likely have from me. As a perpetual and enthusiastic life-long learner, I am very excited about working together, as a team, enjoying the benefits of even greater sharing, growing and collaboration.

In order to alleviate some of the barriers in today's healthcare environment that interfere with my ability to continue to practice this way, I am offering an option for those patients who desire greater convenience, 24/7 connection to me as needed, as well as a very comprehensive wellness and prevention-focused experience.

I have collaborated with Castle Connolly Private Health Partners, LLC (CCPHP), to create a new concierge program called Roth CCPHP, LLC. The program provides my patients with a wide variety of membership amenities to enhance your care, such as access to our innovative SENS Solution® Wellness Program, which includes a personal health coach who collaborates with me to optimize your wellbeing. You can learn more about the program as well as all of the benefits of Membership in this brochure or by calling **(239) 666-3428**.
